

RES School Wide Positive Behaviour Plan

The purpose of our plan is to promote a healthy school culture where high levels of achievement occur within a positive school environment. At RES everyone has the right to be treated with dignity and respect. All individuals have the right to: feel safe, be proud and be respected. Having rights also means having responsibilities. We believe it is important that the parents/guardians and school staff work together to develop a school environment that is positive, preventive, predictable and effective to maintain a safe, healthy and caring place to learn and teach.

We want our expectations to be taught in a real context to all students in the school, and positive behaviours will be acknowledged and celebrated. At **RES** we will focus our attention on creating and maintaining school-wide, classroom, non-classroom and individual systems of behavioural supports that will improve our learning environment for all by reducing problem behaviours and increasing desired behaviours.

It is our goal that every student, staff member and parent/guardian will know, without doubt, what is expected.

We are focusing on supporting student behaviour through proactive strategies such as:

- ❖ teaching expectations;
- ❖ rewarding positive behaviours;
- ❖ implementing additional supports when needed;
- ❖ giving relevant consequences when inappropriate behaviours persist.
